
For our consulting department we are looking for an

Internal Auditor / Project Staff Member

Responsibilities:

Interesting mix of

- office located tasks (like development of plans and documents) and
- world-wide traveling activities to different kinds of vessels to carry out Internal Audits for ISM / ISPS / MLC as well as
- expert services and consulting for shipping companies and marine industry.

Profile:

- preferably qualification as **Navigational Officer or Marine Engineer**
- experiences with safety and security management or other systems are more than helpful

We would be glad to give a warm welcome to a highly motivated colleague interested in a new and attractive assignment in a family friendly working environment.

Are you interested?
